2. Hazard Identification

Hazard Description

Not regarded as a health or environmental hazard under current legislation

3. Composition/Information on Ingredients

This material is not classified as hazardous to Health or the Environment under current EU legislation

4. First Aid Measures

In the event of exposure by inhalation

- Move the exposed person to fresh air at once
- Get medical attention if any discomfort continues
- Unlikely route of exposure as the product does not contain volatile substances

In the event of splashes or contact with eyes

- Make sure to remove any contact lenses from the eyes before rinsing
- Promptly wash eyes with plenty of water while lifting eye lids
- Continue to rinse for at least 15 minutes
- Get medical attention if any discomfort continues

In the event of splashes or contact with skin

- Remove affected person from source of contamination
- Wash skin with soap and water
- Get medical attention if any discomfort continues

In the event of swallowing

- Rinse nose, mouth and throat with water
- Promptly get affected person to drink large volumes of water to dilute the swallowed chemical
- Get medical attention

5. Fire Fighting Measures

Extinguishing Media

- Extinguish with foam, carbon dioxide, dry powder or water fog
- Do not use water jet as an extinguisher, as this will spread the fire
5. Fire Fighting Measures (continued)

**Unusual Fire and Explosion Hazards**
Beware, risk of formation of toxic and corrosive gases

**Special Fire Fighting Procedures**
Avoid breathing fire vapours
Beware risk of formation of toxic and corrosive gases
Keep run-off water out of sewers and water sources
Dike for water control
If risk of water pollution occurs, notify appropriate authorities

**Special Protective Equipment for Fire Fighters**
Self contained breathing apparatus and full protective clothing must be worn in case of fire

6. Accidental Release Measures

**Personal Precautions**
Wear protective clothing as described in Section 8 of this safety data sheet
Avoid contact with eyes
In case of spills, beware of slippery floors and surfaces

**Environmental Precautions**
Do not allow to enter drains, sewers or watercourses
Avoid release to the environment

**Spill Clean Up Measures**
Wear necessary protective equipment
Absorb spillage with non-combustible, absorbent material
Collect spillage in containers, seal securely and deliver for disposal according to local regulations
Runoff or release to sewer, waterway or ground is FORBIDDEN
Inform Authorities if large amounts are involved

7. Handling and Storage

**Usage Precautions**
Avoid contact with eyes
Avoid eating, drinking and smoking when using the product
Observe good chemical hygiene practices

**Storage Precautions**
Store in tightly closed original container in a dry and cool place
Keep separate from food, feedstuffs, fertilisers and other sensitive material

**Storage Class**
Chemical storage

**MIN. STORAGE TEMP (°C)** 5°C
**MAX. STORAGE TEMP (°C)** 40°C
8. Exposure Control/Personal Protection

Protective Equipment

Engineering Measures
Provide adequate general ventilation

Respiratory Equipment
No specific recommendation made, but respiratory protection may still be required under exceptional circumstances when excessive air contamination exists
Seek advice from supervisors on the companies’ respiratory protection standards

Hand Protection
For prolonged or repeated skin contact use suitable protective gloves. Nitrile gloves are recommended

Eye Protection
Wear splash-proof goggles to prevent any possibility of eye contact

Other Protection
Provide eyewash station
Wear appropriate clothing to prevent repeated or prolonged skin contact

Hygiene Measures
No specific hygiene procedures noted, but good personal hygiene practices are always advisable, especially when working with chemicals
Wash at the end of each work shift and before eating, smoking and using the toilet

9. Physical and Chemical Properties

Appearance  Coloured gel
Colour  Amber
Odour  Almost odourless
Solubility  Soluble in water
Flash Point (°C)  > 150°C
Relative Density  1.00 – 1.10

10. Stability and Reactivity

Stability
Stable under normal temperature conditions and recommended use

Conditions to Avoid
Avoid excessive heat for prolonged periods of time
10. Stability and Reactivity (continued)

Materials to avoid
Strong oxidising substances

Hazardous decomposition products
None under normal conditions
Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or
vapours
Formaldehyde

11. Toxicological Information

Inhalation
No specific health warnings noted

Ingestion
May cause discomfort if swallowed
Gastrointestinal symptoms, including upset stomach
No harmful effects expected in amounts likely to be ingested by accident

Skin Contact
Prolonged and frequent contact may cause redness and irritation
Prolonged contact may cause dryness of the skin

Eye Contact
May cause temporary eye irritation

12. Ecological Information

Ecotoxicity
The product components are not classified as environmentally hazardous. However, this
does not exclude the possibility that large or frequent spills can have a harmful or
damaging effect on the environment

Water Hazard Classification
WGK1

13. Disposal Considerations

General Information
Waste to be treated as controlled waste
Disposal to licensed waste disposal site in accordance with local Waste Disposal
Authority
When handling waste, consideration should be made to the safety precautions applying
to handling of the product

Disposal Methods
Environmental manager must be informed of all major spillages
Dispose of waste and residues in accordance with local authority requirements
Do not allow runoff to sewer, waterway or ground
14. Transport Information

General
The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID)

15. Regulatory Information

Risk Phrases
NC Not classified

Safety Phrases
P13 Safety data sheet available for professional user on request

EU Directives

Statutory Instruments
Chemicals (Hazard Information and Packaging) Regulations.
Control of Substances Hazardous to Health

Approved Code of Practice
Safety Data Sheets for Substances and Preparations.
Classification and Labelling of Substances and Preparations Dangerous for Supply

Guidance Notes
Workplace Exposure Limits EH40

16. Other Information

Since the users working conditions are not known by us, the information supplied on this safety sheet is based on our current level of knowledge and on National and community regulations.

The product must not be used for any purpose other than those specified under heading 1 without first obtaining written handling instructions.

It is at all times the responsibility of the user to take all necessary measures to comply with legal requirements and local regulations.

The information given on this safety data sheet must be regarded as a description of the safety requirements relating to our product and not a guarantee of its properties.
